

Unit 43: Business Strategy

Unit code	H/618/5124
Unit level	5
Credit value	15

Introduction

This unit supports individuals who are working in or towards managerial roles in all market sectors to develop and enhance strategic thinking and planning that will improve organisational performances of businesses in their respective competitive markets. General manager skills and competences are focused on through a range of themes and topics that can be applied in most contexts.

The aim of this unit is to develop students' awareness of the different types of strategic approaches that could be used in an operational, tactical or strategic role for an organisation. This will be underpinned by a thorough knowledge and understanding of the theories, models and concepts that could significantly support an organisation's strategic choice and direction.

On successful completion of this unit, students will have developed sufficient knowledge and understanding of strategy to make a positive, efficient and effective contribution to the development of business plans and operational direction. They could do this in the role of a junior manager responsible for having a specific input into an organisation's decision making and planning.
